Web Announcement 1448

Attention All Providers: Claims for ICD-10 Diagnosis Code Z68.54 Denying in Error

Claims submitted with ICD-10 diagnosis code Z68.54 (Body Mass Index (BMI) pediatric) are denying in error with edit code 0110 (Diagnosis code does not correspond with the recipient's age) when the recipient is 20 years of age or younger. Providers do not need to resubmit or appeal the denied claims. Affected claims will be automatically reprocessed. A future web announcement will notify providers when the error is corrected and when the claims will be reprocessed.
